Marketing communication commissioned by: Inderes

Near-term growth still relies on Finland

We expect a broadly flat performance by Inderes in Q1, with the timing of Easter causing headwinds in March. The investment case and long-term growth still rely on expansion in Sweden, but we think group growth in 2024 will continue to be driven by the Finnish operations, with AGM services and IR software as key contributors. On unchanged estimates, our fair value range is EUR 18-20 (from EUR 18-19 previously).

Q1E: Timing of Easter may mean negative growth in March

Following Jan-Feb sales data, our estimates are unchanged for Inderes. Despite Jan-Feb sales growth of 6%, we forecast flat sales y/y for Q1, implying a c. 8% decline for March, because of the timing of Easter, as we think the AGM season will be more tilted towards Q2 this year. In terms of profitability, we expect Inderes' Q1 EBITA margin to be 13% (i.e. similar to a year ago).

Case driven by Swedish growth, but that remains slow

It seems Inderes' Swedish commissioned research offering has gradually advanced, as coverage of another Swedish company was initiated earlier this week. However, we think the Swedish market is much more challenging than the Finnish market was a decade ago, given the existing competition in place. Gaining critical is crucial, but that will take some time. We think the recently announced Nordnet deal could play an important role, as it should increase traffic to Inderes.se. But unlike Inderes' experience in Finland, we think it needs to build awareness in Sweden via event services initially. We expect Q1 sales in Sweden (EUR 1.0m) to be broadly unchanged from a year ago but flag a small negative FX headwind in Q1. We assume growth in Sweden of 11% for 2024 and 15% for 2025-26.

Fair value range fine-tuned to EUR 18-20

Our DCF valuation mid-point remains unchanged at EUR 21, but we fine-tune our fair value range to EUR 18-20 (from EUR 18-19) on increased peer valuations.

Estimates ahead Q1/24

We leave our estimates unchanged ahead Q1 report. Although the reported Jan-Feb sales came in some EUR 0.1m below our estimate, we consider the deviation as a rounding error. Following the Jan-Feb sales data, our Q1 estimate implies slightly declining y/y sales in March after sales growth of 6% in Jan-Feb. However, Easter last year was in April, whereas in 2024 it was in March. This means that many AGMs were pushed from March to April, we think. We expect broadly flat sales and EBITA margin y/y in Q1.

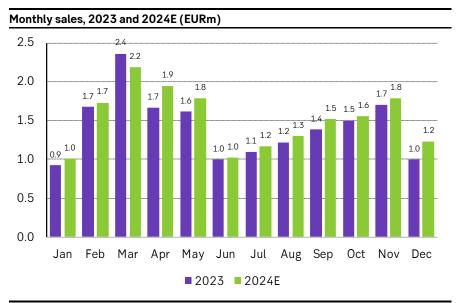

Looking at the full-year 2024, we expect sales growth of 6.2%, which is in line with the Jan-Feb performance. While it will be difficult to post material growth in the Finnish commissioned research business, we think the growth largely stems from AGM services and IR software, of which the latter should come with high earnings leverage. The growth rate in Sweden is also likely to be higher than the group average, but Swedish revenue in absolute terms is still relatively low (c. 21-22% of sales). We also note that the Swedish business should be able to improve its profitability, as costs in 2023 included certain investments and integration-related items. All in all, we see the full-year 2024 EBITA margin rising from 10.6% to 12.9%.

Valuation

Our DCF valuation for Inderes remains unchanged with a mid-point of EUR 21. We continue to flag our WACC of 9.5%. For the stable Finnish business, we could justify a lower multiple, thanks to its predictability and solid market position. However, for the majority of our estimate horizon, growth is expected to come from the Swedish market. To reflect the uncertainty of that revenue stream, we justify a higher WACC.

Our peer group's 2024E-25E EV/EBITDA multiples have increased a notch since our previous report. We now justify a 2024E EV/EBITDA of 9x and a 2025E EV/EBITDA of 8x in our peer group benchmark valuation. That results in a small upwards fine-tuning of our valuation range, which is now EUR 18-20 (18-19).

SEAM (SEB's ESG Assessment Methodology)

Inderes

Country: Finland Sector: Services Overall impact of ESG factors on valuation: Slightly Positive Fully discounted in mid-point DCF value: Yes

In our view, ESG factors do or will have an overall slightly positive impact on the share's valuation. The most material impact is Inderes' online events that reduce traffic related to events and that Inderes democratises stock market information to make it more broadly available. Most of the impact is yet to be discounted in our mid-point equity valuation. We believe that most of the ESG factors facing the company could be manageable by the company, and that the company's management of these issues could be improved by establishing and further developing policies and reporting on ESG topics.

With regard to the EU taxonomy, we expect to see the company report an insignificant current revenue alignment with relevant taxonomy screening criteria. In the longer term, we also expect alignment to be insignificant.

EU Taxonomy Eligibility/Alignment (based on mandatory EU disclosures)

In our view, the company does not have EU Taxonomy eligible revenues.

Sustainability related committments and targets

Does the company have a science based target? No Is the CEO's remuneration linked to achievement of sustainability goals? No

Help employees to develop themselves What are the company's most material sustainability goals?

Who has ultimate responsibility for sustainability management?

Overview

Inderes has a very strong position in the Finnish commissioned research market due **Investment considerations** to its active investor community and over 120 commissioned research clients. Inderes' commissioned research provides up to 30% EBITDA margin, meaning high recurring cash flows. Inderes has expanded to virtual events and IR solutions with a strong track record in cross-selling. The key long-term growth will drive Nordic expansion. We calculate that the Nordic market potential is roughly 7x the Finnish market. Inderes provides IR services connecting stock-listed companies and investors. It has Company profile over 190 Finnish stock-listed companies as customers. Inderes has three main business areas: commissioned equity research, virtual events through its subsidiary Flik and IR solutions. In addition, Inderes operates an investment platform for its over 75,000 active users. We base our fair value range on DCF and peer group valuation. In our DCF, we assume Valuation approach a relatively low WACC for mature and defensive Finnish commissioned research while the Nordic growth estimates are more uncertain and thus require a higher capital cost. We give a lower weight for the peer group valuation due to the lack of direct peers. The company is expanding geographically and failure in expansion would mean Investment risks notably lower growth estimates; however, we believe that success in expansion creates upside risk to our fair valuation. Another significant risk relates to an economic downturn, which could result in a slowing IPO market and trend where companies start to reduce IR functions. This could slow market growth. We also flag other risks, e.g. related to key personnel and new competitors.

About this publication

This report is a marketing communication commissioned by Inderes and prepared by Skandinaviska Enskilda Banken AB (publ). It does not constitute investment research; as such, it has not been prepared in accordance with the legal requirements to promote the independence of investment research, nor is it subject to any prohibition on dealing ahead of the dissemination of investment research.

This statement affects your rights

This report is confidential and may not be reproduced, redistributed or republished by any recipient for any purpose or to any person. Redistributing this report to third parties may invoke legal requirements on the person engaging in such activities.

Producers and Recipients

SEB Research is approved and issued by Skandinaviska Enskilda Banken AB (publ) ("SEB"), a bank organized under the laws of the Kingdom of Sweden, on behalf of itself and its affiliates for institutional investors. When SEB Research is issued by an SEB subsidiary, the subsidiary itself is subject to this disclaimer.

Use

This material has been prepared by SEB for information purposes only. It does not constitute investment advice and is being provided to you without regard to your investment objectives or circumstances. The document does not constitute an invitation or solicitation of an offer to subscribe for or purchase any securities and neither this document nor anything contained herein shall form the basis for any contract or commitment whatsoever. Opinions contained in the report represent the authors' present opinion only and may be subject to change. In the event that the authors' opinion should change, we shall endeavour (but do not undertake) to disseminate any such change, within the constraints of any regulations, applicable laws, internal procedures within SEB, or other circumstances.

Good faith and limitations

All information, including statements of fact, contained in this research report have been obtained and compiled in good faith from sources believed to be reliable. However, no representation or warranty, express or implied, is made by SEB with respect to the completeness or accuracy of its contents, and it is not to be relied upon as authoritative and should not be taken in substitution for the exercise of reasoned, independent judgement by you. Recipients are urged to base their investment decisions upon such investigations as they deem necessary. To the extent permitted by applicable law, no liability whatsoever is accepted by SEB for any direct or consequential loss arising from the use of this document or its contents.

Distribution

This research report has been prepared by SEB or its affiliates and is being distributed by SEB offices in Stockholm, Copenhagen, Oslo, Helsinki, Frankfurt, London, Tallinn, Vilnius and Riga. Research reports are prepared and distributed in Lithuania by AB SEB bankas and in Estonia by AS SEB Pank in accordance with the requirements of the local laws and Financial Supervision Authority's conduct of business rules. This document may not be distributed in the United States, Canada, Japan or Australia or in any other jurisdiction where to do so would be unlawful. Addresses and Phone numbers for each office can be found at the end of the report.

The SEB Group: members, memberships and regulators

SEB is a member of, inter alia, Nasdaq OMX Nordic, Oslo Stock Exchange, the London Stock Exchange, NYSE Euronext, SIX Swiss Exchange, Frankfurt Stock Exchange, Tallinn Stock Exchange as well as certain European MTF's such as BATS-Chi-X, Turquoise and Burgundy. SEB is regulated by Finansinspektionen in Sweden and, for the conduct of investment services business, in (i) Denmark by Finanstilsynet, (ii) Norway by Finanstilsynet, (iii) Finland by Finanssivalvonta, (iv) Germany by Bundesanstalt für Finanzdienstleistungsaufsicht, (v) the UK authorised by the Prudential Regulation Authority. Subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. Details about the extent of our regulation by the Prudential Regulation Authority are available from us on request, (vi) Estonia by the Estonian Financial Supervision Authority, (vii) Lithuania by the Bank of Lithuania, (viii) Latvia by the Financial and Capital Markets Commission and Futures Commission.

SEB's research reports are prepared in accordance with the industry standards and codes of conduct applicable to financial analysts in the countries where they are based. In Denmark, Finland, Norway and Sweden, analysts act in accordance with the rules of ethics of each country's Society of Financial Analysts. Analysts comply with the recommendations and industry standards of the Danish, Norwegian and the Swedish Securities Dealers Associations and with those of the Federation of Finnish Financial Services. Analysts certified by the CFA Institute also comply with the Code of Ethics of the CFA Institute.

Prevention and avoidance of conflicts of interest

The remuneration of staff within the Research department is determined exclusively by research management and senior management and may include discretionary awards based on the firm's total earnings, including investment banking and markets (sales and trading businesses) income; however, no such staff receive remuneration based upon specific investment banking or markets transactions. SEB's Compliance department monitors the production of research and the observance of the group's procedures designed to prevent any potential conflicts of interest from affecting the content of research; the latter are described in greater detail in the "Statement of Policies for dealing with potential conflicts of interest surrounding our Research activities" which is available on our SEB Research website.

Your attention is also drawn to the fact that:

The current market price of the securities shown in this report is the price prevailing at the close of the business day preceding the date of publication, save where such price was more than 5% different from the price prevailing as at the time of publication, in which case it is the latter.

Unless explicitly stated otherwise in this report, SEB expects (but does not undertake) to issue updates to this report following the publication of new figures or forecasts by the company covered, or upon the occurrence of other events which could potentially have a material effect on it.

The securities discussed in this research report may not be eligible for sale in all countries, and such securities may not be suitable for all types of investors. Offers and sales of securities discussed in this research report, and the distribution of this report, may be made only in countries where such securities are exempt from registration or qualification or have been so registered or qualified for offer and sale, and in accordance with applicable broker-dealer and agent/salesman registration or licensing requirements. A copy of this report, not including the recommendation, has been provided to the issuer prior to its dissemination to check factual statements for accuracy; as a result, some amendments have been made.

A full list of disclosures for other companies mentioned herein (in which SEB has research coverage), can be found on our SEB Research website

Methodology

Final consideration as to any valuations, projections and forecasts contained in this report are based on a number of assumptions and estimates and are subject to contingencies and uncertainties, and their inclusion in this report should not be regarded as a representation or warranty by or on behalf of the Group or any person or entity within the Group that they or their underlying assumptions and estimates will be met or realized. Different assumptions could result in materially different results. Past performance is not a reliable indicator of future performance. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related investment mentioned in this report. In addition, investors in securities, such as ADRs, whose values are influenced by the currency of the underlying security, effectively assume currency risk.

Company specific disclosures and potential conflicts of interest

A member of, or an entity associated with, SEB or its affiliates, officers, directors, employees or shareholders of such members (a) is not, and has never been, represented on the board of directors or similar supervisory entity of Inderes, (b) has from time to time bought or sold the securities issued by the company or options relating to the company, and (c) SEB does not hold any short / long position exceeding 0.5% of the total issued share capital of Inderes as of 31 Mar 2024.

The analyst(s) responsible for this research report (jointly with their closely related persons) hold(s) 0 shares in Inderes and do(es) not have holdings in other instruments related to the company.
